**Description**
String#strip doesn't remove non-breaking space.

```ruby
2.1.2 :001 > "\u00A0".strip
=> " "
```

**Related issues:**
Related to CommonRuby - Feature #10085: Add non-ASCII case conversion to String#upcase/downcase/swapcase/capitalize added

**History**

### #1 - 08/20/2014 01:38 AM - nobu (Nobuyoshi Nakada)
- Tracker changed from Bug to Feature
- Description updated

- Related to Feature #10085: Add non-ASCII case conversion to String#upcase/downcase/swapcase/capitalize added

### #3 - 08/20/2014 01:41 AM - matz (Yukihiro Matsumoto)
Current Ruby does not support non ASCII spaces. Maybe 2.2+ would.
Matz.

### #4 - 04/12/2015 07:36 PM - ojab (ojab ojab)
There is an issue not only for non-breaking space, but also for other unicode spaces, see #7845. For example (excerpt from rails String#squish testcase) `%{\u205f\u3000 A string surrounded by various unicode spaces, with tabs(\t), newlines(\n\n), unicode nextlines(\u0085\u0085) and many spaces( ).\u00a0\u2007}.`
So I think that this ticket should be closed in favour of #7845.
