

## Ruby master - Misc #10307

### Add doc for Array.reject, it maintains ordering

09/29/2014 08:26 PM - nebu (Nebu Pookins)

<b>Status:</b>	Closed
<b>Priority:</b>	Normal
<b>Assignee:</b>	zzak (Zachary Scott)
<b>Description</b>	
<p>Hi, I'm trying to follow the instructions in <a href="http://documenting-ruby.org/step-by-step-guide.html">http://documenting-ruby.org/step-by-step-guide.html</a> for submitting documentation.</p> <p>I sent a pull request to <a href="https://github.com/documenting-ruby/ruby/pull/42">https://github.com/documenting-ruby/ruby/pull/42</a> for quality review, but didn't get any replies. It seems like the next step is to submit a patch here.</p> <p>The intent of the change is to document that array.reject maintains the ordering of the elements it keeps as part of its contract.</p>
