#### Description

After updating to 2.2.0, I ran into an ArgumentError when calling Tempfile.new (wrong number of arguments (3 for 1..2)).

I was able to narrow it down to this sample script which works on 2.1.3 and fails on 2.2.0.

```
require 'tempfile'  
p Tempfile.new('asdf', Dir.tmpdir, 'wb+')
```

- Status changed from Open to Rejected

It's your bug.  
Tempfile.new hasn't accepted such argument, but just ignored.
