

Ruby trunk - Feature #10958

remove "initial_state" argument of Enumerable#{slice_before,chunk}

03/10/2015 12:49 PM - akr (Akira Tanaka)

Status:	Closed	
Priority:	Normal

Target version:		
Description		
I'd like to remove "initial_state" argument of Enumerable#{slice_before,chunk}.		
I think a state management can be implemented using local variable without the argument. So I'd like to remove it because it is too complex and not consistent with Enumerable#{slice_when,slice_after} which doesn't have the argument.		
Note that I added deprecated warning since Ruby 2.2. It seems no one complained the warning until now.
