This reduces memory overhead of ivars for common types such as T_DATA the same way T_OBJECT does it.

For 9992 accepted clients on an OpenSSL server, this reduces RSS memory from 77160K to 69248K on x86-64 with the attached ossl.rb script. Connecting client process was reduced from 246312K to 230724K RSS.

OpenSSL 1.0.1e-2+deb7u16 on Debian 7

Revision 6cd5825 - 05/30/2015 12:20 AM - normal
variable.c: avoid compatibility table with generic ivars
This recovers and improves performance of Marshal.dump/load on Time objects compared to when we implemented generic ivars entirely using st_table.
This also recovers some performance on other generic ivar objects, but does not bring Marshal.dump/load performance up to previous speeds.

**benchmark results:**
minimum results in each 10 measurements.

**History**

**#1 - 05/23/2015 01:35 AM - normalperson (Eric Wong)**

- File ossl_11170.rb added

Attached standalone test script, increase "ulimit -n" as necessary.

**#2 - 05/23/2015 02:19 AM - ko1 (Koichi Sasada)**

+1.

T_CLASS/T_MODULE can use same technique, but it seems not so many use-cases.

**#3 - 05/29/2015 12:58 AM - normalperson (Eric Wong)**

After the original patch, rb_generic_ivar_table() is much more expensive but kept for compatibility reasons. I propose deprecating it, I'm not sure if any 3rd party C-exts use it.

[PATCH 3/2] avoid compatibility table with generic ivars

This recovers and improves performance of Marshal.dump/load on Time objects compared to when we implemented generic ivars entirely using st_table.

This also recovers some performance on other generic ivar objects, but does not bring bring Marshal.dump/load performance up to previous speeds.

**Benchmark results:**

</table>

**#4 - 05/29/2015 11:43 PM - Anonymous**

- Status changed from Open to Closed

Applied in changeset r50678.

variable.c: use indices for generic ivars

This reduces memory overhead of ivars for common types such as T_DATA the same way T_OBJECT does it.

For 9992 accepted clients on an OpenSSL server, this reduces
memory from 77160K to 69248K with the script in
https://bugs.ruby-lang.org/issues/11170

[Ruby-core:69323] [Feature #11170]
