

## Ruby master - Misc #11681

### Refinements documentation is based on older implementation

11/12/2015 08:15 PM - lazyatom (James Adam)

<b>Status:</b>	Closed	
<b>Priority:</b>	Normal	
<b>Assignee:</b>	shugo (Shugo Maeda)	
<b>Description</b>		
<p>It seems that the refinements documentation hasn't been updated to reflect more recent changes to how refinements work. For example, <a href="https://github.com/ruby/ruby/blob/trunk/doc/syntax/refinements.rdoc#scope">[[[https://github.com/ruby/ruby/blob/trunk/doc/syntax/refinements.rdoc#scope]]]</a> says "You may only activate refinements at top-level, not inside any class, module or method scope", whereas the current implementation allows activating refinements anywhere except inside methods.</p> <p>I've attached one potential reworking to be more accurate, but I don't mind if it's used or not. The main thing is for it to be made correct.</p>
