Ruby master - Bug #11862

[PATCH] ext/socket/init.c (rsock_init_sock): reject reserved FDs

12/22/2015 07:43 PM - normalperson (Eric Wong)

| Status: | Closed |
| Priority: | Normal |
| Assignee: | |
| Target version: | |
| Backport: | 2.0.0: REQUIRED, 2.1: DONE, 2.2: DONE |

Description
We've had this bug for years, but writing a portable test for it could be challenging. I think it is safe to commit w/o tests; on the other hand I doubt anybody would really care if it's fixed before 2.3 since we've had this bug since 1.9.3 and nobody noticed.
