

## Ruby master - Bug #1394

### version.h is not being installed by "make install"

04/21/2009 09:37 PM - graza (Graham Agnew)

<b>Status:</b> Rejected	
<b>Priority:</b> Normal	
<b>Assignee:</b>	
<b>Target version:</b>	
<b>ruby -v:</b> ruby 1.9.1p0 (2009-01-30 revision 21907) [ia64-hpux11.23]	<b>Backport:</b>

#### Description

=begin  
Under 1.8.x, the version.h file used to be installed into /lib/ruby/1.8//version.h  
This is useful for gems that have version specific code.

However this file is not installed when compiling 1.9.1p0.

Cheers,  
Gra.
