

## Ruby 1.8 - Bug #1425

### ruby/1.8/drb/drb.rb:1480: [BUG] Segmentation fault

05/01/2009 12:43 AM - luca (Luca Pireddu)

<b>Status:</b>	Assigned
<b>Priority:</b>	Normal
<b>Assignee:</b>	seki (Masatoshi Seki)
<b>Target version:</b>	
<b>ruby -v:</b>	ruby 1.8.7 (2009-04-08 patchlevel 160) [x86_64-linux]

#### Description

=begin

I'm using DRb to distribute some work on a cluster. Fairly often the Ruby interpreter segfaults with this message:

```
/ruby/1.8/drb/drb.rb:1480: [BUG] Segmentation fault  
ruby 1.8.7 (2009-04-08 patchlevel 160) [x86_64-linux]
```

The line in question:

```
---> if obj.private_methods.include?(msg_id.to_s)
```

I could send a core file if it would be helpful.

=end

#### History

##### #1 - 05/01/2009 10:00 AM - shyouhei (Shyouhei Urabe)
