

Ruby trunk - Bug #14775

Unable to Post CR from my Mac - keep getting the "Segmentation fault" - Abort trap: 6 issue

05/18/2018 02:45 PM - abhinay (Abhinay Yellanki)

Status: Rejected	
Priority: Normal	
Assignee:	
Target version:	
ruby -v:	Backport: 2.3: UNKNOWN, 2.4: UNKNOWN, 2.5: UNKNOWN
Description	
Hello team,	
Unable to Post CR from my Mac - keep getting the "Segmentation fault" - Abort trap: 6 issue. Can you please take a look into this issue and let me know if anything is wrong?	
The below is detailed log	
<pre>/Users/abhinay/.rvm/gems/ruby-2.4.0/gems/json-2.1.0/lib/json/ext/parser.bundle: [BUG] Segmentation fault ruby 2.0.0p648 (2015-12-16 revision 53162) [universal.x86_64-darwin16]</pre>	
(snip)	
--	
Regards, Abhinay	

History

#1 - 05/18/2018 11:46 PM - nobu (Nobuyoshi Nakada)

- Status changed from Open to Rejected
- Description updated
- File bug-14775.log added

```
/Users/abhinay/.rvm/gems/ruby-2.4.0/gems/json-2.1.0/lib/json/ext/parser.bundle: [BUG] Segmentation fault
ruby 2.0.0p648 (2015-12-16 revision 53162) [universal.x86_64-darwin16]
```

You loaded the library for 2.4.0 from 2.0.0.
And 2.0.0 has ended years ago.
