

Ruby master - Bug #14886

ChangeLog section is obsolete

06/30/2018 08:41 AM - znz (Kazuhiro NISHIYAMA)

Status: Closed	
Priority: Normal	
Assignee:	
Target version:	
ruby -v:	Backport: 2.3: UNKNOWN, 2.4: UNKNOWN, 2.5: UNKNOWN
Description ChangeLog section in doc/contributing.rdoc is not useful now. But I think some parts are useful for commit log. For example: issue relationship.	

Associated revisions

Revision a4b5aaa9 - 07/02/2019 03:22 PM - jeremyevans (Jeremy Evans)

Remove Changelog section from doc/contributing.rdoc [ci skip]

Replace it with a section on commit message formatting. Also, move the section on rebasing to the bottom, since that only applies to committers and not most contributors.

Fixes [Bug #14886]

History

#1 - 06/17/2019 10:52 PM - jeremyevans0 (Jeremy Evans)

- File *contributing-rm-changelog.patch* added

I agree, we should fix this. The attached patch is my attempt to do so, removing ChangeLog-specific parts and keeping other parts as a guide for commit messages.

#2 - 07/02/2019 03:23 PM - jeremyevans (Jeremy Evans)

- Status changed from *Open* to *Closed*

Applied in changeset [git|a4b5aaa9a7225693168e43455de2e10c3721b789](#).

Remove Changelog section from doc/contributing.rdoc [ci skip]

Replace it with a section on commit message formatting. Also, move the section on rebasing to the bottom, since that only applies to committers and not most contributors.
