

Ruby trunk - Feature #14931

[DOC] exception keyword argument is not documented in some methods

07/22/2018 08:53 AM - znz (Kazuhiro NISHIYAMA)

Status:	Open	
Priority:	Normal	
Assignee:		
Target version:		
Description		
Some methods accept exception keyword argument since 2.6.0, but it is not documented in rdoc yet.		
In NEWS,		
<ul style="list-style-type: none">• Kernel.#Complex takes :exception option to specify the way of error handling [Feature #12732]• Kernel.#Float takes :exception option to specify the way of error handling [Feature #12732]• Kernel.#Integer takes :exception option to specify the way of error handling [Feature #12732]• Kernel.#Rational takes :exception option to specify the way of error handling [Feature #12732]• Kernel.#system takes :exception option to raise an exception on failure. [Feature #14386]
