

Ruby trunk - Bug #15232

Is <https://cache.ruby-lang.org/pub/ruby/2.5/ruby-2.5.2.tar.bz2> corrupted?

History

#1 - 10/18/2018 02:52 AM - nagachika (Tomoyuki Chikanaga)

- Assignee set to nagachika (Tomoyuki Chikanaga)

- Status changed from Open to Assigned

Thank you for your report.

Sorry for bother you. It seems that I had made a mistake in packaging.

As you commented, ruby-2.5.2 packages requires BASERUBY to build. It's not intended.

I will take a look into tool/make-snapshot and release fixed package with version 2.5.3.

I have heard that usa-san confirmed that the 2.4.5 and 2.3.8 packages don't have this issue.

#2 - 10/18/2018 11:51 PM - wanabe (_ wanabe)

- Backport changed from 2.3: UNKNOWN, 2.4: UNKNOWN, 2.5: UNKNOWN to 2.3: DONTNEED, 2.4: DONTNEED, 2.5: DONTNEED

- Status changed from Assigned to Closed

- File Dockerfile added

I saw <https://www.ruby-lang.org/en/news/2018/10/18/ruby-2-5-3-released/> and <https://github.com/rbenv/ruby-build/pull/1241> .
Thank you for your quick and accurate response.

I confirmed that ruby-2.5.3 doesn't have the issue.

```
[root@cd10e9d4c1fd /]# rbenv install 2.5.3
Downloading ruby-2.5.3.tar.bz2...
-> https://cache.ruby-lang.org/pub/ruby/2.5/ruby-2.5.3.tar.bz2
Installing ruby-2.5.3...
Installed ruby-2.5.3 to /opt/rbenv/versions/2.5.3
```

So I close the ticket and change Backport status "DONTNEED".
Thank you!
