

Ruby master - Bug #16685

IRB auto indent does not work for single-line method definitions

03/10/2020 09:41 PM - sawa (Tsuyoshi Sawada)

Status: Open	
Priority: Normal

Target version:	
ruby -v:	Backport: 2.5: UNKNOWN, 2.6: UNKNOWN, 2.7: UNKNOWN
Description	
<p>IRB auto indent does not work correctly for single line method definitions within a class. It ends up like this:</p> <pre>irb(main):001:1* class Foo irb(main):002:1* def a; end irb(main):003:1* def b; end irb(main):004:0> end => :b</pre>	
<p>I believe it should end up like this:</p> <pre>irb(main):001:1* class Foo irb(main):002:1* def a; end irb(main):003:1* def b; end irb(main):004:0> end => :b</pre>
