### Description

Trying the example from the Ripper.slice documentation:

```ruby
require 'ripper'
p Ripper.slice('def m(a) nil end', 'ident')
 #=> `/opt/ruby/2.5/lib/ruby/2.5.0/ripper/lexer.rb:199:in `concat': can't modify frozen String (FrozenError)
```

Just needs to change lexer.rb:195 from `buf = "` to `buf = +"`
