Ruby master - Misc #18976

[ANN] blade.ruby-lang.org is down

08/25/2022 02:28 AM - hsbt (Hiroshi SHIBATA)

Status: Open
Priority: Normal
Assignee:

Description
The mail archive server named blade.nagaokaut.ac.jp is down now.

blade had some hardware issues. Prof. Hara tries to salvage mail data and rebuild blade. But It's difficult status.

I have a plan to migrate Ruby mail server includes mailing-list to Google workspace. I also rebuild mail archives using Google groups or others.

Sorry for the inconvenient experience.
