This issue was solved with changeset [r26589](#).  
Romulo, thank you for reporting this issue.  
Your contribution to Ruby is greatly appreciated.  
May Ruby be with you.

The test case provided still fails.

As near as I can tell, changeset [r26589](#) only contains test cases, but no changes to Ruby itself.

Please reopen this bug.

I never meant to close this.

I wish "ref [Bug #...]" would have been parsed just like "cf: [Bug #...]".

I wish "ref [Bug #...]" would have been parsed just like "cf: [Bug #...]".  
#... may change when the ticket moves from bug to backport or something.  
So writing ref #... is correct.
