Requiring rubygems/specification causes tons of warnings for NoMethodError

02/07/2010 01:42 AM - sakuro (Sakuro OZAWA)

Status: Closed
Priority: Normal
Assignee: nobu (Nobuyoshi Nakada)
Target version: 2.0.0
ruby -v: ruby 1.9.2dev (2010-02-07 trunk 26607) [x86_64-darwin10.2.0]
Backport:

Description

Strictly speaking this is a third party issue and already reported as
at 2009-09-10 but is still open with no response.

I'll post this so that other core developers have chance to know the issue.

$ ruby -v -rrubygems/specification -e 1
ruby 1.9.2dev (2010-02-07 trunk 26607) [x86_64-darwin10.2.0]
/usr/local/lib/ruby/1.9.1/rubygems/source_index.rb:8: warning: loading in progress, circular require considered harmful -

=end
f.y.i., this is a clean install (configure && make && sudo make install) and rubygems-update 1.3.5 is not installed.

```
gem list

*** LOCAL GEMS ***

minitest (1.5.0)
rake (0.8.7)
rdoc (2.2.2)
```

I'm not sure what to do about this yet.
gem_prelude.rb provides a fake rubygems.rb, but require 'rubygems/specification' does not cause the real rubygems.rb to be loaded.
This causes the errors.
The workaround is to assume that Gem::Specification is available, because require 'rubygems' provides it instead of requiring 'rubygem/specification'.
=end

Hi,

Nobu, do you have any idea?

Hi, Nobu

Are you willing to handle this ticket?
If you are, are you willing to fix this issue?
If you are, will the fix be included in 1.9.2?

--
Yusuke Endoh mame@tsq.ne.jp
=end
```

#6 - 06/29/2010 12:27 AM - mame (Yusuke Endoh)
- Target version set to 2.0.0

```
=begin
Hi,

I decide this issue as WONTFIX for 1.9.2.
As Eric said, do not require "rubygems/specification" directly.
The workaround is to assume that Gem::Specification is available, because require 'rubygems' provides it instead of requiring 'rubygem/specification'.
```

09/15/2021
This issue should be fixed in 1.9.3, by the approach of nobu's patch in #3140.

What's going on?
=end

#8 - 06/11/2011 02:58 PM - ko1 (Koichi Sasada)
What's going on? again.

#9 - 06/12/2011 01:57 AM - tenderlovemaking (Aaron Patterson)
- Status changed from Assigned to Closed
- % Done changed from 0 to 100

This seems to be fixed in ruby trunk:

[aaron@higgins ~]$ ruby -v -rrubygems/specification -e ' '  
ruby 1.9.3dev (2011-06-06 trunk 31944) [x86_64-darwin10.7.0]  
[aaron@higgins ~]$
