

Backport191 - Bug #3193

uint is not parsed in dl/cparser.rb

04/23/2010 03:20 PM - vinc-mai (Vincent Carmona)

Status:	Open
Priority:	Normal
Assignee:	
Target version:	
ruby -v:	ruby 1.9.1p378 (2010-01-10 revision 26273) [x86_64-linux]

Description

=begin

I use ruby-taglib and I have made two changes in the code in order to use it with ruby 1.9.1.

*Use DL::Importer instead of DL::Importable.

Is this change of typo desired by the ruby team ?

*Replace all occurrences of 'uint' by 'unsigned int'

It will be nice if 'uint' string could be also parsed.

Supposedly the change from "Importable" to "Importer" is intentional. Some apis in "Importable" are not backwards compatible. I plan on making it backwards compatible, but that should be a different ticket.

I'm adding support for "uint" in the parser.
