

Ruby master - Bug #3728

IO.select is not documented.

08/21/2010 03:38 AM - mperham (Mike Perham)

| | |
|--|------------------|
| Status: Closed | |
| Priority: Normal | |
| Assignee: | |
| Target version: | |
| ruby -v: | Backport: |
| Description =begin Go here: http://ruby-doc.org/ruby-1.9/index.html Click the IO class and the select method. It links to Kernel#select which also appears to have no documentation. =end | |

History

#1 - 09/07/2010 10:24 PM - eitoball (Eito Katagiri)

- File *issue3728.patch* added

=begin
I created a patch to fill some documentation for IO.select (and Kernel.select eventually). The code example is borrowed from the Rurima project.

Thank you for reviewing.

I created parameter section and tried to describe about timeout as you mentioned.

=end

- Status changed from *Open* to *Closed*

- % Done changed from 0 to 100

=begin
This issue was solved with changeset r29547.

Mike, thank you for reporting this issue.
Your contribution to Ruby is greatly appreciated.
May Ruby be with you.

=end
