

Ruby 1.8 - Bug #385

Net::FTP#login raises TypeErrors

08/02/2008 02:58 AM - Anonymous

Status:	Closed
Priority:	Normal
Assignee:	shugo (Shugo Maeda)
Target version:	
ruby -v:	
Description	
=begin Net::FTP#login raises TypeError when one of the passed arguments (user, password or account) is nil. This happens when only passing a user, but a password is requested by the Server. =end

- File ftp.rb.diff added

=begin

Is the attached patch sufficient?

This patch raises FTPReplyError in such a situation.

=end

#3 - 08/07/2008 04:55 PM - NoKarma (Arthur Schreiber)

=begin

Yes, that patch seems to be fine.

=end

#4 - 08/07/2008 09:07 PM - shugo (Shugo Maeda)

- Status changed from Open to Closed

- % Done changed from 0 to 100

=begin

Applied in changeset [r18417](#).

=end
