

Ruby 1.8 - Bug #4021

YAML::dump_stream with colons and carriage return (\r)

11/04/2010 01:24 AM - ariera (Alejandro Riera)

Status:	Open
Priority:	Normal
Assignee:	
Target version:	
ruby -v:	ruby 1.8.7 (2009-06-12 patchlevel 174) [i686-linux], MBARI 0x8770, Ruby Enterprise Edition 2009.10

Description

=begin

I have the following problem:

```
YAML::dump_stream("foo:\r") #=> "--- foo:\r\n"
```

if you load it:

```
YAML::load YAML::dump_stream("foo:\r") #=> {"foo"=>nil}
```

but it should return "foo:\r"

=end

ruby -v: ruby 1.8.7 (2009-06-12 patchlevel 174) [i686-linux], MBARI 0x8770, Ruby Enterprise Edition 2009.10

I have the following problem:

```
YAML::dump_stream("foo:\r") #=> "--- foo:\r\n"
```

if you load it:

```
YAML::load YAML::dump_stream("foo:\r") #=> {"foo"=>nil}
```

but it should return "foo:\r"

This works in 1.9.2 or 1.9.3 if you use Psych as your YAML engine:

```
[apatterson@ypcmc08885 ~]$ irb
irb(main):001:0> RUBY_VERSION
=> "1.9.3"
irb(main):002:0> require 'yaml'
=> true
irb(main):003:0> YAML::load YAML::dump_stream("foo:\r")
=> {"foo"=>nil}
irb(main):004:0> YAML::ENGINE.yamler = 'psych'
=> "psych"
irb(main):005:0> YAML::load YAML::dump_stream("foo:\r")
=> "foo:\r"
irb(main):006:0>
```
