

Ruby trunk - Bug #4507

FileUtils.cp in 1.9 doesn't preserve permissions unless :preserve is set

03/18/2011 06:57 AM - olegshaldybin (Oleg Shaldybin)

Status:	Closed	Backport:
Priority:	Normal	
Assignee:	nobu (Nobuyoshi Nakada)	
Target version:	1.9.3	
ruby -v:	ruby 1.9.3dev (2011-03-18 trunk 31122) [x86_64-darwin10.6.0]	

Description

=begin

By default /bin/cp preserves file permissions when copying a file, -p flag is meant for preserving uid, gid, mtime etc. However with FileUtils.cp in 1.9 permissions are only copied when :preserve => true option is given. I think the least surprise behavior would be to mimic cp behavior.

Patch is attached.

=end
