## Ruby master - Bug #5411

### Some enum.c doc tweaks

10/06/2011 07:07 AM - bt (Bernd Homuth)

### Description

I tried to fix some of the method descriptions and made. Please check group_by if this is any better than the original version. I had trouble finding a concise description.

Thanks for reviewing.

History

#1 - 10/06/2011 09:57 AM - drbrain (Eric Hodel)
- Status changed from Open to Closed
- % Done changed from 0 to 100

This issue was solved with changeset r33416.
b, thank you for reporting this issue.
Your contribution to Ruby is greatly appreciated.
May Ruby be with you.

#2 - 10/06/2011 10:01 AM - drbrain (Eric Hodel)
I improved group_by in r33417 based on your work.

#3 - 10/06/2011 09:26 PM - bt (Bernd Homuth)
- File 0001-change-Enumerable-group_by-description.patch added

I find the new group_by more confusing now and changed it to this:

- Groups the collection by result of the block. Returns a hash where the
  keys are the evaluated result from the block and the values are
  arrays of elements in the collection that correspond to the key. *
- If no block is given an enumerator is returned. *
  (1..6).group_by { |i| i%3 } #=> {0=>[3, 6], 1=>[1, 4], 2=>[2, 5]}

Do you agree. I mean it's still not perfect but that double value sentence didn't make sense to me.

Thank you for reviewing

#4 - 10/08/2011 08:56 AM - drbrain (Eric Hodel)
Yours is better, I applied it!

#5 - 02/25/2012 05:38 PM - bt (Bernd Homuth)
