

Backport193 - Backport #5733

Error when loading a converter

12/09/2011 10:44 AM - Anonymous

Status:	Closed
Priority:	Normal
Assignee:	naruse (Yui NARUSE)
Description	
<p>I think this might be a bug, but I'm not sure. The following code raises an exception:</p>	
<pre># encoding:utf-8 require 'minitest/autorun' class NewConverterTest < MiniTest::Unit::TestCase def setup @old_internal = Encoding.default_internal @old_external = Encoding.default_external end def teardown Encoding.default_internal = @old_internal Encoding.default_external = @old_external end def test_iso_8859_utf_8_change_encodings Encoding.default_internal = 'UTF-8' Encoding.default_external = 'ISO-8859-1' Encoding::Converter.new 'ISO-8859-1', 'UTF-8' # boom! end end</pre>	
Exception:	
<pre>1) Error: test_iso_8859_utf_8_change_encodings(NewConverterTest): Encoding::ConverterNotFoundError: code converter not found (ISO-8859-1 to UTF-8) test.rb:21:in `initialize' test.rb:21:in `new' test.rb:21:in `test_iso_8859_utf_8_change_encodings' /Users/aaron/.local/lib/ruby/1.9.1/minitest/unit.rb:976:in `run' /Users/aaron/.local/lib/ruby/1.9.1/minitest/unit.rb:814:in `block in _run_suite' /Users/aaron/.local/lib/ruby/1.9.1/minitest/unit.rb:807:in `map' /Users/aaron/.local/lib/ruby/1.9.1/minitest/unit.rb:807:in `_run_suite' /Users/aaron/.local/lib/ruby/1.9.1/minitest/unit.rb:797:in `block in _run_suites' /Users/aaron/.local/lib/ruby/1.9.1/minitest/unit.rb:797:in `map' /Users/aaron/.local/lib/ruby/1.9.1/minitest/unit.rb:797:in `_run_suites' /Users/aaron/.local/lib/ruby/1.9.1/minitest/unit.rb:773:in `_run_anything' /Users/aaron/.local/lib/ruby/1.9.1/minitest/unit.rb:936:in `run_tests' /Users/aaron/.local/lib/ruby/1.9.1/minitest/unit.rb:923:in `block in _run' /Users/aaron/.local/lib/ruby/1.9.1/minitest/unit.rb:922:in `each' /Users/aaron/.local/lib/ruby/1.9.1/minitest/unit.rb:922:in `_run' /Users/aaron/.local/lib/ruby/1.9.1/minitest/unit.rb:911:in `run' /Users/aaron/.local/lib/ruby/1.9.1/minitest/unit.rb:691:in `block in autorun'</pre>	
<p>Is this intentional? If so, why? Thank you.</p>
