

Ruby master - Feature #6198

public/protected/private with attr_*

03/25/2012 02:58 AM - riskwa (riskwa anon)

Status: Rejected	
Priority: Normal	
Assignee: matz (Yukihiko Matsumoto)	
Target version:	
Description I'd like to set visibility like this: <pre>class X protected attr_accessor :x, :y end</pre> attached patch(for 1.9.3-p125) is sample implementation (it seems to pass test-all) <ul style="list-style-type: none">• make attr_* to return array of method-symbols which attr_* concerns (e.g. [:x, :x=, :y, :y=])• make public/protected/private to accept array of symbols

- Target version set to 2.6

#3 - 12/25/2017 06:15 PM - naruse (Yui NARUSE)

- Target version deleted (2.6)

#4 - 01/10/2019 08:28 AM - matz (Yukihiko Matsumoto)

- Status changed from Assigned to Rejected

There's no use for private attr_reader, attr_writer, etc.
And protected is not encouraged enough for new features. So I reject this.

Matz.
