|---|-------------------------|
| <b>Status:</b>  | Closed                  |
| <b>Priority:</b>  | Normal                  |
| <b>Assignee:</b>  | nobu (Nobuyoshi Nakada) |
| <b>Target version:</b>  |                         |
| <b>Description</b>  |                         |
| Currently when you require 'iconv' it reports a warning:  |                         |
| <pre>\$ ruby -v -r iconv -e 0 ruby 1.9.3p125 (2012-02-16 revision 34643) [x86_64-darwin11.3.0] [...]:in `require': iconv will be deprecated in the future, use String#encode instead.</pre> |                         |
| We should remove iconv since we have String#encode now.   |                         |
