**Description**

I've added a patch to update the versions in Racc to be consistent.

This is related to [https://github.com/tenderlove/racc/issues/8](https://github.com/tenderlove/racc/issues/8)

Should patches for Racc goto GH/tenderlove/racc, or here?

Either is fine. We've been maintaining racc on github and periodically merging things back. Eric or I will pick it up in either place. :-)
