### Description

```ruby
=begin
I've added a patch to fix a formatting bug with lib/benchmark.

(((BENCHMARK_VERSION = "2002-04-25" #:nodoc"))) should be
(((BENCHMARK VERSION = "2002-04-25" #:nodoc")))

Also, went through and fixed up formatting for consistency.
=end
```

Can you drop the `#` around GC.start on 214 like you did on 135 for Benchmark::Tms? This will let it link.

Hi Eric,
I've added a new patch with the change you requested for GC.start

Thanks for your feedback!

This issue was solved with changeset r35974.
Zachary, thank you for reporting this issue.
Your contribution to Ruby is greatly appreciated.
May Ruby be with you.

#4 - 06/09/2012 07:57 AM - drbrain (Eric Hodel)
I also stripped out the emphasis for the "Generates:" lines entirely since the ri looks better that way, and re-wrapped the comment for Benchmark#bm to fit 80 lines.
