**Description**

So "id" will be treated like "id="

Why do you need it?
Shouldn't it be an error?
when query is 'id=123&id=', cgi["id"] is 123.
but query is 'id=123&id', cgi["id"] is "".

I will update with this patch.

This issue was solved with changeset r36304.
Eric, thank you for reporting this issue.
Your contribution to Ruby is greatly appreciated.
May Ruby be with you.

lib/cgi/core.rb: fix bug: When query parameter is 'id=123&id', cgi["id"] => '123' is correct. First parameter is valid. [Feature #6621]
