Ruby master - Feature #6622

Add <, >, <=, >= to Set

06/22/2012 08:05 AM - drbrain (Eric Hodel)

<table>
<thead>
<tr>
<th>Status</th>
<th>Closed</th>
</tr>
</thead>
<tbody>
<tr>
<td>Priority</td>
<td>Normal</td>
</tr>
<tr>
<td>Assignee</td>
<td>knu (Akinori MUSHA)</td>
</tr>
<tr>
<td>Target version</td>
<td>2.0.0</td>
</tr>
</tbody>
</table>

Description
Each operator is defined as an alias to an existing method.

From https://github.com/ruby/ruby/pull/59

Patch by Alexander E. Fischer: https://github.com/ruby/ruby/pull/59.diff

History

#1 - 07/14/2012 06:38 PM - mame (Yusuke Endoh)
- Status changed from Open to Assigned

#2 - 10/25/2012 07:47 PM - knu (Akinori MUSHA)
- Status changed from Assigned to Closed

Merged a couple months ago. Thanks!
