| Description | |
| Examples, download this file: http://sourceforge.net/projects/smplayer/files/SMPlayer/0.6.9/smplayer-0.6.9-win32.exe | |
| then attempt | |
| <pre>system("./smplayer-0.6.9-win32.exe") => nil</pre> | |
| (it should have worked, but displayed an elevated privilege command prompt--python does this, cmd does this). | |
| Cheers! | |

About UAC, I'm untouched now.
It is difficult to design and implement into 2.0.0, I guess.

If python does something to manage UNC, please tell me what python does :)

Looks a feature request rather than a bug?
Anyway I postpone this ticket to next minor.
