courses: support linking against pdcourses

07/22/2012 11:18 PM - luislavena (Luis Lavena)

Status:	Closed
Priority:	Normal
Assignee:	shugo (Shugo Maeda)
Description	
Hello,	
On Windows, ncurses are not available. Instead we link against PDCurses when building RubyInstaller.	
Except that we required rename linking library to libcourses so curses extension finds it.	
I would like to ask curses extension supports pdcourses linking library.	
Attached is a patch that allows linking against unmodified pdcourses linking library.	
I would like to port this change also to 1.9.3 in order to standardize building RubyInstaller.	
Thank you
