Ruby master - Bug #6821
GC::Profiler.enabled? returns 0 when enabled
08/02/2012 06:24 AM - dbussink (Dirkjan Bussink)

Status: Closed
Priority: Normal
Assignee: authorNari (Narihiro Nakamura)
Target version: 2.0.0
ruby -v: 1.9.3p194
Backport:

Description
GC::Profiler.enabled? returns 0 when GC::Profiler is enabled, contrary to the documentation that states it returns either true or false. Looking at the code, I think it's an oversight because objspace->profile.run isn't properly wrapped for a VALUE. So TRUE is returned, which is 1 as a VALUE which equals the value for the Fixnum 0.

This changeset should fix the problem:
