Ruby master - Feature #7251
using usings in usinged Module

Target version: 2.0.0

Description
I suspect Kernel#using to using all the already usinged Refinements in usinged Module. For example:

```ruby
module X
  refine Fixnum do
    def foo; p :foo; end
  end
end

module Y
  refine Fixnum do
    def bar; p :bar; end
  end
end

module Z
  using X
  using Y
end

class Foo
  using Z
  p 1.foo
  p 1.bar
end
```
