

Ruby master - Bug #7504

Rdoc for OptionParser (remove "developer documentation" from Rdoc output)

12/04/2012 12:25 AM - stomar (Marcus Stollsteimer)

Status: Closed	
Priority: Normal	
Assignee: zzak (Zachary Scott)	
Target version: 2.0.0	
ruby -v: ruby 1.9.3p194 (2012-04-20 revision 35410) [i686-linux]	Backport:
Description The rdoc for OptionParser starts with "developer documentation" that's "not for RDoc output", which is a little strange. In case this is not intentional for some reason, the patch removes this part of the docs from the output (using <code>#--' /##++'</code>).
