

Ruby master - Bug #7521

test_thr_kill(TestQueue) fails

12/06/2012 03:12 AM - vo.x (Vit Ondruch)

Status: Closed	
Priority: Normal	
Assignee: kosaki (Motohiro KOSAKI)	
Target version: 2.0.0	
ruby -v: ruby 2.0.0dev (2012-12-04 trunk 38184) [i386-linux]	Backport:
Description =begin I am observing following error on Fedora 19. 13) Failure: test_thr_kill(TestQueue) [/builddir/build/BUILD/ruby-2.0.0-r38184/test/thread/test_queue.rb:106]: only 0/2000 done in 30 seconds. This test fails approximately every second build. Any help appreciated. =end

- Status changed from Assigned to Feedback

My CentOS6 machine don't reproduce this issue. Can you please explain what change Fedora19 has?
Or, can you make smallest repro?

I did not met this issue in recent days. It was probably just some temporary issue of Rawhide. Sorry for disturbing.

#4 - 02/23/2013 12:47 AM - vo.x (Vit Ondruch)

- Status changed from Closed to Open

I reopening, since I met this issue again with ruby 2.0.0dev (2013-02-22 trunk 39387) [i386-linux]. This is my build log [1]. It happens just from time to time. Actually I did probably hundreds of build since the time I initially reported it and it strikes me as soon as I want to do official build for Fedora.

- Status changed from Open to Feedback

Again, please provide smallest reproducer.

thanks.

#6 - 03/13/2013 04:39 PM - kosaki (Motohiro KOSAKI)

I suspect this is the same with [#8065](#).

#7 - 03/22/2013 06:26 PM - vo.x (Vit Ondruch)

Yesterday, I did 6 x 6 builds (i.e. 36 builds in total) on different platforms and every time at least one failed. So I applied the r39728 from [#8065](#), did again 6 x 6 builds and so far so good. Doing now official build and hope it will succeed as well. Thanks.
