Ruby master - Bug #7659

RBConfig Change Breaks VC Build

01/06/2013 06:31 PM - cfis (Charlie Savage)

Status: Closed
Priority: Normal
Assignee: yugui (Yuki Sonoda)
Target version: 2.0.0
ruby -v: ruby trunk

Description
This commit breaks compiling ruby with VC 2010 (and I'm sure all other versions).

SHA-1: 275a9dcb8caa389ec7cbdfcb860f56f5ddbc4d0

RBCONFIG changed from:

`./.rbconfig.time`

To:

`.rbconfig.time`

Which then results in this nmake error:

`./../common.mk(517) : fatal error U1086: inference rule cannot have dependents
Stop.`

Changing line 393 in win32/Makefile.sub to this:

`RBCONFIG = `./.rbconfig.time`

Fixes the issue.
