

Backport200 - Backport #7713

Gem.ensure_gem_subdirectories makes subdirectories group-writable

01/18/2013 01:04 PM - nobu (Nobuyoshi Nakada)

Status:	Closed
Priority:	Normal
Assignee:	nagachika (Tomoyuki Chikanaga)
Description	
<code>`make install'</code> makes gem directories (<code>\$(libdir)/ruby/gems</code> and others) group-writable, instead of <code>\$dir_mode</code> .	
I avoided this at r38870 for the time being, but seems better that <code>Gem.ensure_gem_subdirectories</code> takes optional parameter for the permission.
