History

#1 - 02/26/2013 10:19 AM - naruse (Yui NARUSE)

- Target version changed from 1.9.3 to 2.6

#2 - 08/15/2013 04:54 AM - zzak (Zachary Scott)

I cannot reproduce this with trunk:

```
ruby -v -rpsych -e 'p "'-\n2000-01-02 03:04:05'.to_yaml'  
ruby 2.1.0dev (2013-08-02 trunk 42318) [x86_64-darwin12.4.0]  
"--- |\n -\n 2000-01-02 03:04:05\n"
```

#3 - 08/12/2014 03:21 AM - hsbt (Hiroshi SHIBATA)

- Status changed from Open to Feedback

It's already fixed in trunk, 2.1.0 and 2.0.0 HEAD revision.
Ruby 1.9 is only security maintenance phase.

I think this issue should be closed.

#4 - 12/18/2014 05:13 PM - tenderlovmaking (Aaron Patterson)

- Status changed from Feedback to Closed

This was fixed, so I'm closing it.
