Description
Module_used was meant to be called when it is called with using, see r36596.

It's not called right now.

It's not called right now.

It's because Module#using is removed. Module#used is intended to be called when Module#using is called, so Module#used should be removed now.

#2 - 03/13/2013 11:43 AM - shugo (Shugo Maeda)
- Status changed from Open to Closed
- % Done changed from 0 to 100

This issue was solved with changeset r39739.
Marc-Andre, thank you for reporting this issue.
Your contribution to Ruby is greatly appreciated.
May Ruby be with you.
