Ruby trunk - Feature #8981

Suggestion for CreateProcess flags with rubyw on windows

10/03/2013 02:32 AM - jfrench (James French)

Description

Hi,

I've spent some time looking into the feasibility of using rubyw in my code and at first glance it looks ideal. However there are a lot of console windows flashing up when I run external processes using Open3::popen3 (because I want to capture their stdout and stderr). I believe that creating a process without CREATE_NO_WINDOW in rubyw is a bug, as the whole point of rubyw is that it doesn't pop up a console.

If there is agreement I'm happy to file a bug report/submit a patch.

Cheers,
James

History

#1 - 10/03/2013 02:34 AM - nobu (Nobuyoshi Nakada)

- Category set to platform/windows

- Assignee set to cruby-windows

- Target version set to 2.1.0

Incorporated.

Please attach your patch here.

#2 - 10/04/2013 07:53 PM - zzak (Zachary Scott)

I would just open a ticket, this will give you a much better chance at feedback.
