

## Backport193 - Backport #9161

### syntax errors on mime\_responds.rb

11/27/2013 02:08 AM - mrwater (Diogo Cordeiro)

<b>Status:</b>	Third Party's Issue
<b>Priority:</b>	Normal
<b>Assignee:</b>	
<b>Description</b>	
=begin There seems to be a syntax bug within mime_responds.rb, under , under version 1.9.3, action-pack 3.2.11, metal action controller  Under line 191, mimes local is not declared, and there is an additional end associated with the code nearby. raise ArgumentError, "respond_to takes either types or a block, never both" if mimes.any? && block_given?  <pre>    if collector = retrieve_collector_from_mimes(mimes, &amp;block)       response = collector.response       response ? response.call : default_render({})     end</pre> This revealed after upgrading to RubyMine 6.0, when loading local server environment.  This is closed to a comments section, so perhaps it was once commented by default?  =end	

### History

#### #1 - 11/27/2013 02:48 AM - mrwater (Diogo Cordeiro)

=begin

This was a problem with local code apparently.

For some reason, during the upgrade to RubyMine 6.0 something happened and the line

((def respond\_to(\*mimes, &block))) disappeared

=end

#### #2 - 11/27/2013 11:12 AM - nobu (Nobuyoshi Nakada)

- Description updated

- Status changed from Open to Third Party's Issue
