

Ruby master - Bug #9435

Kernel.system problem

01/21/2014 05:29 AM - windwiny (wind winy)

| | |
|---|------------------|
| Status: Open | |
| Priority: Normal | |
| Assignee: | |
| Target version: | |
| ruby -v: 2.0.0 | Backport: |
| Description | |
| if ENV['PATH'] include double quotes, Kernel.system can't find it. | |
| windows OS, open a cmd window | |
| <pre>set PATH="C:\Program Files\7-Zip";%PATH% 7z -h # can run it</pre> | |
| <pre>pry system '7z -h' # can't find</pre> | |
| and, if command include double quotes, system can't find too. | |
| <pre>system '"C:\Program Files\7-Zip\7z" -h' # ok system '"C:\Program Files\7-Zip"\7z -h' # can't find system '"C:\Program Files\7-Zip\'7z -h' # can't find</pre> | |

- Description updated

You don't need quotes there.

#2 - 01/28/2014 12:48 PM - nagachika (Tomoyuki Chikanaga)

Hello, wind.
Thank you for your report.

Could you confirm it can be reproducible with 2.1.0?
