

Backport21 - Backport #9576

Backport r44370 to revert Hash#reject behavior

02/28/2014 04:29 AM - sorah (Sorah Fukumori)

Status:	Closed
Priority:	Normal
Assignee:	naruse (Yui NARUSE)
Description	
In [Bug #9223], naruse-san rejected incompatible change due to HashWithIndifferentAccess.	
r44358 had changed constant name, but there was one ifdef condition still use old constant name. r44370 fixes it to correct one, but it's not backported to 2.1.1.	
So HashWithIndifferentAccess in Ruby 2.1.1 is broken because Ruby 2.1.1's Hash#reject doesn't copy extra states.
